Year 1 - Forest School

This was our final week, one of warm sunshine and fun outdoor learning. Once again, we used all our senses in each task:

- Warm up games
- Smelling and tasting a range of garden herbs
- Feeling the trees and doing some amazing bark rubbing art
- Listening to the trees - hearing the water move within a tree using a stethoscope
- Seeing things in the forest school area by taking part in a colour scavenger hunt

Year 2

In science, Year 2 have been learning about food chains. We talked about the scientist Rachel Carson and the important work she has done involving food chains. We completed an experiment, like Rachel's, to discuss her findings. Rachel found that chemicals used in some pesticides were making their way into sea habitats and their food chains. We used skittles to show what happened to the pesticides used on land when it rained. We talked about Rachel's findings and how her work changed some pesticide use and helped our environment.

Meet the Governors: Week Four - Glenn Martin

I am a parent governor and both my children Edward (Year 2) and Nancy (Reception) are at the school. My wife Rebecca is also part of the PTFA and we live within the village. I wanted to be a parent governor to provide support from my own experiences in Education as we are so fortunate to have such a great school with amazing staff. I am currently a Principal in a secondary school and understand the pressures and challenges we face in Education. My role as a governor is Curriculum and Pupil Experience. This includes how the curriculum is embedded, the provision and opportunities provided and attendance. I genuinely believe every young person deserves a high-quality education.

'A Date with Dan' - Keeping Children and Young People **Safe Online**

Wednesday 18th May 2022 6.30-7.30pm

Lincolnshire County Council are running an event for parents on Wednesday 18th May from 6.30-7.30pm.

About this event:

Online safety can be a bit daunting and many of us have lots of questions on how we can not only keep our children safe but also let them enjoy the benefits the online world brings. After our live streamed event earlier this year, many parents and carers asked for the opportunity to ask us some questions.

Join our resident Online Safety Officer, Dan Hawbrook, on the 18th May 2022 for a special Question and Answer session for parents and carers which will cover whatever YOU want to know - whether it's game ratings, parental controls, bullying or strangers - we will let you ask us those burning questions. Sign up will be required to access this session. Please follow the link below:

Non-Uniform Day - The Salvation Army's Ukraine Crisis Appeal

Thank you so much to our families for their kind donations for the above appeal. The final amount raised for the appeal was an amazing £334.95. We have received the following message from The Salvation Army:

Dear Thurlby Primary School

Thank you so much for your generous donation to the Salvation Army which will be used to support the people of Ukraine.

The Salvation Army is responding to the urgent needs of displaced people who have been impacted by the unfolding Ukraine-Russia conflict. Emergency response teams, across The Salvation Army's global network, continue their tireless efforts, providing critical relief, strategic planning and emotional support through conditions of extreme challenge and distress.

In various locations across **Ukraine**, internally displaced people are being supported through the supply of food and non-food items. Salvation Army corps (churches) and centres, are ready to give help where needed. Such relief work, and other ongoing activities, are taking place on all sides of the border.
